Airfield of JUETERBOG-ALTES LAGER

21 June 1949

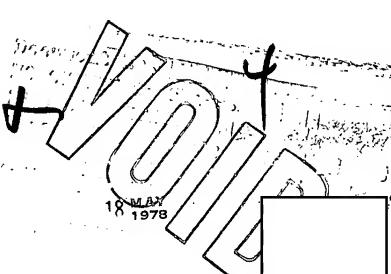

1. No aircraft were observed outside the closed hangars of the JUETERBOG-ALTES LAGER (N 52° 8' 69") airfield on 21 June 1949 (rainy weather). There was no flying. The efforts made to find a radar set presumably located between the ALTES LAGER RR station and the airfield were fruitless.

2. Comments:

According to previous reports, two fighter regiments are assumed to be stationed at the JUETERBOG-ALTES LAGER airfield. The aircraft assigned to these regiments were probably parked in the hangars at the time of observation.
